

Good News... 08-08-08...

by Pastor Ken Studer

This month something will happen that is a bit of a rarity. On the 8th of the month the date will be 08-08-08. This occurs only once a century.

The number eight in the Bible is significant. It is associated with new life, regeneration and/or resurrection. There were eight people saved in Noah's ark. When the waters subsided and the eight came out - they came out into a new world.

Jewish male babies were circumcised on the 8th day. In Judaism, circumcision is considered a symbol of the covenant between God and the Jewish people. In fact, bris literally means "covenant." The bris is on the eighth day so that the newborn baby will by necessity live through a complete week which must include a Sabbath. Once the baby has experienced the "holiness" of the Sabbath, he may enter into the covenant of the Jewish people.

Babies happen to have more vitamin K in their systems on their 8th day than at any other time in their lives. Vitamin K is a clotting agent and it would make good medical sense to circumcise on the 8th day.

The Old Testament records eight miracles for Elijah. When Elisha came along, he requested a double portion of the Spirit (2 Kings 2:9). So the Old Testament records sixteen miracles for Elisha.

In Revelation 17 the beast has seven heads but one is numbered eight. That is because one received a "deadly wound" but it was healed and came back to life (imitating the resurrection of Jesus).

Jesus was raised on the first day of the week, which is also an eighth day. The Jews considered the start of a new series of seven days an eighth day.

Since this is the 8th month, we might take inventory of our lives and ask, "What kind of things do I need to make new in my life?"

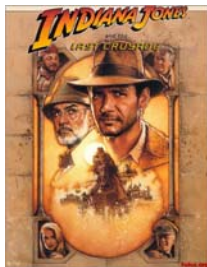

The Good News is that Jesus Christ will not only give us a double portion of the Spirit to assist us in making changes, He will give us an unlimited portion of the Spirit. That is Good News!
