Good News... Warning Signs...

By Pastor Ken Studer

Hilary, the first tropical storm to hit Southern California in eighty four years is now history. Although there were no recorded California deaths from tropical storm Hilary, many drivers had to be rescued when their cars stalled out as the roadways became flooded. High winds and catastrophic mud slides were reported in many areas.

At the same time tropical storm Hilary hit, a 5.1 magnitude earthquake occurred in Southern California's Ventura County. While there was widespread damage from Hilary and the earthquake, it could have been much worse.

What really struck me as unusual was the abundant advanced notices we received regarding the approaching storm. Television and radio warnings were plentiful. Additionally, I got cell phone warnings, emails and text messages.

I attended a concert on Friday evening and although everyone had silenced their phones for the concert you could hear emergency storm warnings breaking through the silenced phones.

Of course, it is better to be safe than sorry.

All of the advanced warnings reminded me that a time is coming that will make the worst disasters ever recorded seem like child's play and yet most of the warnings are ignored by most people.

The Bible tells us that when Jesus returns there will be thunder, lightning, earthquakes, signs in the sun, moon and stars, wars and rumors of wars.

There was a great earthquake; and the sun became as black as sackcloth... and the whole moon became like blood; and the stars of the sky fell to the earth... every mountain and island was removed from its place.

Revelation 6:12-14 NASB

You would reasonably think that such catastrophic events as described above would bring repeated warnings from the media. But no, these warnings go largely unheeded.

God has called the church to give the warning. Jesus is coming again. And that's Good News!
